VOL. XXXIII.

STANFORD, KY., FRIDAY, APRIL 28, 1905.

NO. 17.

PREACHERSVILLE.

B. T. Lunsford sold a fine horse at Lancaster Monday for \$125. J. M. Cress sold 40 hogs to D. M. Anderson at 44c and 30 to W. P. Grimes. Sweeney Morgan bought 28 hogs of J. H. Baughman at \$4.30 and some of Bascom Ragan at 44c. B. T. Lunsford bought 15 stock hogs of a Rockcastle party for \$45.

T. W. Payne is with Bastin & Co. repairing telephone lines. Mr. Wiley Greer was here last week making pictures. He has had 27 years' experience and his work ranks with the best. When F. F. Blankenship returned from Ottenheim he said: "I had no idea that Kentucky extended back so far as that."

Misses Mary Thompson and Hallie Brown visited at J. H. Thompson's. Sam Tudor was with W. H. Cummins and J. L. Anderson. J. B. Hutchins is at Jellico looking for a position. Fred Sutton, of Lexington, is with his sister, Mrs. Mike Kennedy. Rev. F. I. Rodgers has returned to his home in Texas after a pleasant visit to relatives here and in Garrard. Mrs. Wm. Land and Miss Katie Payne, of Rowland, visited the family of their brother, J. F. Payne. Quite a crowd of our young people attended Easter services at the Catholic church at Ottenheim Sunday. All seemed to enjoy the services and will attend again in the future. The ladies are much interested in the sale of potted plants, which will be held at Lancaster the first week in May by the Ladies' Aid Society of the Christian church. Mrs. Susan Green and daughter and son-in-law, Christopher Links, have gone to Texas to make their future home. J. E. Jones, of Crab Orchard, and Miss Margaret Stevenson, of near Walnut Flat, drove to the parsonage here last Wednesday and were quietly married by Rev. R. F. Jordan.

CONSCIENCE'S LONG NAP.—Mrs. Margaret Lundberg was greatly surprised a few days ago when she received this letter.

"Inclosed please find \$3, which I will send you in payment of 75 cents which I have been owing your first husband, Mr. Noyd, deceased, for fixing a pair of shoes."

The letter was mailed on a train in Illinois, otherwise there is no clew to where it came from. Mr. Noyd has been dead some 40 years, and it is thought that it is fully 45 years ago since this pair of shoes was fixed. The letter contained a \$2 bill and one \$1 bill. Mrs. Lundberg has no idea from whom this money came.—Lundsberg Herald.

During a raid by revenue officers in the moonshine district of Eastern Kentucky Deputy United States Marshal William Mayers and posse captured and destroyed one of the most unique "stills" on record, according to reports. The still was located at the head of Buck creek, in Owsley county, and the furnace and fixtures were concealed beneath the floors of a dwelling house, the furnace being so arranged that the smoke would pass up the chimney of the house with causing any suspicion.

"Yes, sir, he was the laziest man on record. What do you reckon he did when his house was on fire?" "Dunno." "Warned his hands at the blaze, and thanked God he didn't have to split the wood for it!"—Atlanta Constitution.

When asked on one occasion by an old friend how he was training his boys, Joe Jefferson replied in the words of Walter Scott: "Teaching them to fish—and tell the truth."

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by Lyne Bros., Crab Orchard.

CRAB ORCHARD.

Miss Pearl Collier has returned from a pleasant visit to relatives in Brodhead. Mr. and Mrs. Robert Collier, of Brodhead, were with Mrs. William Tatem Easter.

The Ideal Entertainers gave a pleasant recital at College Hall Saturday night and the Ladies' Aid Society of the Christian church gave an ice cream supper afterwards, realizing a nice sum for the church.

Rev. Huey's sermon over the remains of Dr. Henry Pettus deserves more than a passing mention. They were to the living and not of the dead. He spoke in beautiful language to the orders that showed their loyalty in death, but said that unless they possessed the everlasting hope in a resurrected Redeemer, their loyalty and devotion was of no effect to themselves and urged a closer walk with God and a full reality in all their devotion. To the physicians he commended religion, saying they had a more perfect access into the homes and lives of people than any other class and should of all men be the most religious, and able not only to heal the bodily ailments but able to pour the balm of consolation into wounded and bleeding hearts who depend so much upon their skill to save the body. Dr. Pettus was loved by the younger class as well as the old and was a man capable of doing great good both as a physician and citizen. A large procession followed his remains to the cemetery, where he was buried by the Masonic and Odd Fellows' order. He will be greatly missed and deep sympathy is felt for his wife and children.

We think that for the benefit of those who so nobly rallied to our call for aid in rebuilding the Christian church here it should be stated that we intend to build as soon as enough money can be deposited in our bank to make a contractor safe in taking hold. Up to the present time there is in bank including donations from a distance, \$500, and we are so tired of looking at the old wreck and have prayed so long and earnestly for some soul interested in religion to donate enough to start the work, that sometimes we almost feel that it is not intended for it to be rebuilt. Then hope again asserts its power and we see a new church and can see our little flock assembling as in times past, and it seems it must be a reality. Friends of Christ, those who long and wait for His coming, here is the best opening ever shown to let your light shine. Open your Bibles to Malachi, third chapter, 8 to 13 verses, and do as God asks of you and trust results to Him. Now we need aid; our little band is meeting in a school house poorly equipped, and yet great interest is manifested and we are striving in every way to keep them together. We are hungering to hear the word preached in its proper place. So do not throw away in foolishness what God requires at your hand, but help in a loving cause to save souls.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers by it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Lyne Bros., Crab Orchard.

Mr. W. P. Walton, formerly editor of the INTERIOR JOURNAL, Stanford, but more recently editor of the Lexington Morning Democrat, purchased the Kentucky Journal, Frankfort's leading democratic paper. His many friends throughout the State will read with gladness of his return to the field and will wish him every success.—Danville News

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, Mr. E. H. Wolfe, of Bear Grove, Ia., cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble and keep them constantly on hand, since I find they have no equal." G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, druggists, guarantee them at 50 cents.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Lyne Bros., Crab Orchard.

The Interior Journal.

E. C. WALTON.

Now that Frankfort has a democratic daily the Lexington Herald will have to take down its misleading sign. Since the Lexington Democrat was absorbed, the Herald has been printing over its head these words: "The only democratic daily in the Blue Grass." Those who have kept in touch with the paper during the last 10 years know the falsity of the claim, as far as its democracy is concerned. Its support of McKinley and its refusal to support Goebel are not forgotten by the democrats so soon as this and they "jess laff" when the Herald speaks of it being a democratic newspaper.

The Western Recorder extends this bit of wholesome advice to a preacher, the like of which many of us have seen and heard: "The trouble with you, brother, is not that you talk too long, but that you repeat so much. When you have said a thing clearly, pass on to something else. You tire the people out, not by the length of your remarks, but by your wearisome repetitions."

If the directors of the Milwaukee bank, whose president has defaulted for a million and a half, had taken the proper precaution, which they had sworn to do, to see what he was doing with the funds, they would not have been compelled to replace them. They are criminally guilty of neglect and deserve to be prosecuted and punished.

Mr. W. P. WALTON, of the Frankfort Journal, has secured the services of Mr. Shelton M. Sautley, now of Louisville, as managing editor of his paper and he will assume his duties Monday. Mr. Sautley made an enviable reputation as managing editor of the Lexington Democrat.

"OLD JOE" BLACKBURN has some friends who are evidently working over time for him. Hardly a mail comes to this office but what there is a circular letter or so telling of the great achievements of the Senator and what he is going to do next time if given the opportunity.

In Indiana a man now has to swear that he is able to support a family before he can procure a marriage license. That will cut little or no ice, however, for when a fellow gets a marrying notion into his head he will swear to almost anything to carry his end.

At a prohibition meeting at Hempstead, Texas, three men were killed and several others badly wounded. At that rate how many of the gathering would have been left to tell the tale had it been a convention where believers in red liquor were in the majority?

The trophies of the president's hunt will be dressed and stuffed in the West and sent to the White House. A half dozen or more "grizzlies" have been killed.

Albert Helton was shot and killed at his home, at Rockcastle Springs, on the line between Laurel and Pulaski, by the accidental discharge of his revolver, which he dropped from the holster.

J. Stone Walker, of Richmond, has signed a deed of trust to Col. Sam H. Stone, of Louisville, and R. E. Turley, of his town, as agents to dispose of some of his property to pay off pressing debts. After the settlement has been made the trustees say Mr. Walker will still be in good circumstances. His property and other assets are estimated at \$150,000 and liabilities are said to be not more than \$75,000.

The jury in the third case against the George Wiedemann Brewing Company, of Newport, which is under indictment in the Boyle Circuit Court in about 20 different cases, fined the company \$100 and costs, and also assessed a fine of \$50 and 10 days imprisonment on the company's agent, Jerre Crawley, of Cincinnati. This makes an aggregate of \$510 that this concern has been fined during this term of court and there are yet 15 cases against it. The remaining cases have been continued until the September term, to await a decision in the Court of Appeals on those tried, the company having filed appeals.

FOR SALE!

McKINNEY ROLLER MILLS.

I offer for sale my mill and residence in McKinney, Ky. Mill has flour capacity of 50 barrels and meal 150 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat; also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never failing water in mill lot. Mill is within 100 feet of Cincinnati Southern R. track and has private siding. The location is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Lincoln county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door cemented; all comparatively new. Large barn, buggy house is mill lot. On account of my failing eyesight and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. A. Corn, Hustonville, Ky., or W. B. McKinney, Stanford, Ky.

Dorsey Goldust's dam is Florence by Golden Mingo Chief, a son of Gaff's Morgan, making him an intensely inbred Morgan stallion, descending from Justin Morgan on both sides, the best family of road horses known.

A proven and uniform breeder of high-class road and Eastern horses, combining all the qualities for harness and saddle and are in demand at top prices. His service is offered for less than any horse of his producing quality in Kentucky. Will stand at my farm, 2-1/2 miles from Stanford, Ky., on Hustonville pike, at \$20 to insure a living colt. Money due when colt drops or mare parted with by breeder. Mares kept at 10¢ per day on grass. No responsibility for accidents or escapes. Address F. REID, Stanford or Danville, Ky.

He is sound, good headed, good gaited, good wile, good feet and legs and kind one that will stay and trot all day. He will make the present season at Sam M. Owens, near McKinney at \$15 to insure a living colt. Mares traded off or bred to another horse forfeits insurance and makes season money due.

Lien retained on colts until season is paid

MASTIC MIXED PAINT

Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by PEASLEE-GAULBERT CO., Inc. LOUISVILLE, KENTUCKY and we heartily recommend it to your trade.

THE BETTER PART OF WISDOM

In the buying of your Shoes is to not let the "lowest price" argument carry you away. Consider the quality of material, style, the fit, the finish. Weigh these up against the price and ask yourself, Is this good value? The lines we sell are acknowledged the best in the United States. When you see Zeigler Bros., Godman, Weber Bros. or James Means on a Shoe it means to you that the factory stands behind us and we stand behind you and make good any shoe not as represented by us. For those desiring Low Price Shoes, we always have a few broken lots or odds and ends of good shoes that we will sell for the same price as you pay for cheap stuff.

THE Open Session of the Odd Fellows' lodge at Crab Orchard Wednesday was a decided success and a most enjoyable occasion. Some 50 or more visiting brothers, many from Stanford, were present and after a meeting in the lodge room they marched to the Baptist church where Mr. Henry Wells and daughter began the program by singing an appropriate song. Rev. Jordan then introduced Rev. O. M. Huey, the speaker of the day, who made a most entertaining and instructive talk. This over the Odd Fellows repaired to the King Hotel where an elegant dinner was served. The rest of the day was enjoyably spent in various ways.

THERE died in Lexington Wednesday an old citizen of Stanford, Judge W. R. Carson, who was one of the brightest uneducated men of all the older residents of that town. He was either magistrate or police judge of Stanford for 38 years, and in the exercise of his official duties did much for the peace and good order of the city; never had a judgment on appeal reversed or held an accused for trial that failed of conviction. He was a natural analytical lawyer and judge and an everlasting talker, interesting upon any and all subjects. He was always a poor man who counted his friends by the scores in all circles, respected for his acumen, his honesty and his loyalty to friends. He spent his life on crutches and a braver man in dangerous situations never lived in Kentucky.—Somerset Journal.

THE trustees of the Graded School met yesterday and elected Prof. Joseph W. Ireland, of Harrodsburg, superintendent. The professor is an experienced teacher and an exceedingly pleasant and courteous gentleman. Mr. Walter O. Walker was chosen treasurer. The teachers for next session have not been selected and may not be until a board is elected. Three trustees are to be elected a week from to-morrow.

McKINNEY.—Mrs. James B. McKinney died of heart trouble at her home at McKinney Wednesday afternoon, aged about 60. She had been in poor health for some time but it was not until Monday last that she was compelled to keep her bed. Mrs. McKinney was a daughter of the late Samuel Givens and had been a devout member of the Presbyterian church since her girlhood. She was a modest, gentle woman, a loving wife and kind and indulgent mother and many there are who sorrow that she has been called to the blissful land beyond. About a month ago this Godly mother buried a daughter, Miss Lucy McKinney, and we hope and believe she has joined her above, where there is no sorrow and no parting. Mrs. McKinney leaves a husband, who is in a critical condition, and a daughter, Miss Jennie McKinney, whose grief and trouble knows no bounds. The father's condition prevents his feeling his great loss as keenly as he might, but to the daughter it comes with full force and she is well-high crushed by the blow she has received. May He Who doeth all things well give her strength to bear the burdens that continue to fall upon her. At 4 o'clock yesterday afternoon the remains were taken to Hustonville, where after services at the grave by Dr. E. M. Greene, of Danville, they were gently laid away by the side of the daughter so recently buried.

The meeting at the Baptist church is progressing nicely and large crowds attend each afternoon and evening service. Rev. Dorgan is a forcible speaker and his sermons show both thought and research. The meeting will continue a week or more.

The semi-annual conference of the bishops of the Methodist Episcopal church is in session in Louisville with bishops present from all sections of the country. The board of church extension of the Methodist Episcopal Church, South, is also holding its annual meeting in Louisville.

UMBRELLAS

Re-covered and repaired and made almost as good as new for a small amount. I can fix your umbrella better than the tramp repairs and for less money. Give me a trial. FRANK ATKINS, Stanford.

Antecarlo, 2:26 1-2.

Made over Versailles track in winning race. Sired by Anteo, 2:16 1-2 that sold for \$50,000 at public sale. First dam Mary Ann, by Halistorm 8th, son of Mamorino Patchen. These two crosses produced The Abbot, 2:30 1-4, champion trotting gelding of the world, 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star. The American Star and Andrew Jackson blood is responsible for Crescus, 2:34 1-4, the champion trotting stallion of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the fastest stallion. Then you see he is better bred than either of them for he has the blood of both. Antecarlo is a solid brown horse, 15 3-4 hands high, weighing 1,170 pounds, fine style and action. Will stand at \$10 to insure a living colt.

Will also stand the young jack, ABRAHAM 3RD, at \$15 to insure a colt. He was sired by Anteo 2nd and he by an imported jack, Abraham 3rd's first dam by Velocipede, 2nd dam by Imp. Palermo, 3rd dam by Morengo Mamorino Star. Lian retained on colts for season money. Mares traded or bred to other horses forfeits insurance and makes season money due.

Red will stand at my farm on Somerset pike, four miles from Stanford. Mares grazed at \$2 per month. Care taken to prevent accidents, but no responsible show any occur.

WILLIAM M. FIELDS, Stanford, Ky.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden death. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Two sizes, 25c and 75c. All druggists.

For Sale at Penny's Drug Store.

TEMPLE HILL STOCK FARM.

Magoffin Place, City Limits, Harrodsburg, Kentucky.

Red Leaf, 4-year-old record 2:22 in 9th heat over one-half mile track. Sire of 5 with records better than 2:25. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$35 to insure a living colt, and a good one at that, or \$12.50 the season.

I claim it is to the best interest of the owners of horses of Merce and adjoining counties to have the Red Leaf—1st, because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have a reputation and have sold for higher prices under every name of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 38 out of 40 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:13, and with a dam (Lady Hart) that every colt she had took a standard record and was a winner, and whose granddam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$2,000, and whose dam sold for \$200, whose dam's sire (Red Wilkes) sold for \$20,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$1,000 and at 14 years old for \$1,750, and that has himself sired 14 colts to sell for over \$200—some as high as \$2,000—and teams from \$1,500 to \$3,000, in Mercer or adjoining counties. 6th, But three of Red Leaf's colts were ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown in the Year book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class colts than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$1,000 for a pair I now have. Some of those sold five years old, and most of them under three years old.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 36 shows—something equaled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillies are sure to be great brood mares. If these are not facts, why not?

I also have a good Black Jack to stand at \$10 to insure a living colt.

Wilkes, and out of the best blood in the world. He has the finest legs, feet and eyes, and is not only a perfect trotter, but a coach horse that can win in any horse show. Last New York Horse Show, in September, he won in every class he was shown, and defeated some of the greatest show horses ever in Madison Square. Red Bond is not only a very high going horse, but is a trotter, and goes without boots or weights.

We think in Red Bond we have one of the greatest stallions in America to sire speed and high stepping coach horses.

His conformation is that of a first-class show horse for Madison Square Garden, being a horse of a great deal of flesh, style substance and bone.

He is bound to sire the popular horse of the day, having the extreme speed and action that is required to demand high prices. The leading horsemen of the country think this horse is the best high-stepping stallion owned in the State, and with his breeding should make a great sire.

Will make the season of 1905 at "Monmouth Farm" near Danville at \$25 to insure a living colt or \$50 to insure a living colt when three or more mares are bred.

1st dam by Eagle Bird; 2nd dam by Red Lion; 3rd dam by Harris' Denmark; he by Miller's Denmark; 4th dam by Jim Bell, thoroughbred.

NOTE—Royal King was sired by the great On Time and is a brother to the great Silver King and Allie G., the great show mare that sold for \$1,000. King Eagle's 2d dam is the dam of Minnie Boyd, the great show mare that Matt Coten won everywhere with in 1905 and a 1d for \$500. King Eagle is proving himself a great breeder of fine colored and high styled colts, his colts all having plenty of size; his oldest colts being three-year-olds this Spring. There was one of his two-year-olds out last season that proved to be a great show filly.

King Eagle will make the present season of 1905 at my stable, 2 1/2 miles west of Stanford on the Shelby City pike at the low price of \$10 to insure a living colt.

Will also stand the great mare and jennet colt, Billy Keene, at \$10 for mares and \$20 for jennets to insure a living colt. Billy Keene was sired by the great Tom Keene; 1st dam by the imported Palermo; 2d dam by Levi Hubble's Prince, the sire of Joe Blackburn and Brignolia. Billy Keene stands full 16 hands high, black with white points and as a breeder, he is unsurpassed as a mule or jennet jack. Billy has had several two-year-old jacks to sell lately at \$700 and \$800.

Will also stand the great young Jack, Jim Keene; he is by the great Billy Keene; 1st dam by the imported John Wells; 2d dam by Beecher. Jim Keene is proving himself a great breeder, there being two of his mule colts shown last year, one wearing the blue and the other the red in the same ring. Jim Keene will serve mares at \$10 to insure a living colt.

Mares traded, parted with or bred else where forfeits the insurance and money becomes due at the time of such transaction. For further particulars call on or write to T. T. HARRIS & ROBT. WOODS, Phone 72-Ring 3, Stanford, Ky.

The Very Best Remedy For Bowel Troubles—No Family Can Afford To Be Without It.

"I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the very best remedies for bowel troubles," writes Mr. J. W. Hanlon, editor of the Despatch, Ocella, Georgia.

"I make this statement after having used the medicine in my family for several years. I am never without it." No family can afford to be without a bottle of this remedy in the house. It is certain to be needed sooner or later. For sale by Lyne Bros., Crab Orchard.

W. P. Walton, of the Kentucky Journal, defends the woman of the South against the Arnold slander, as follows: Dr. Arnold, director of the New Haven, Conn., Normal School of Gymnastics, says that women's skirts are chiefly used to hide ugly legs and that women generally are far less graceful than men. The doctor's anatomical exploration must have been confined to the bandy-shanked women of the East. The Journal man knows little about such matters, but that little convinces him that the contrary of the doctor's observations is true, especially in Kentucky, where women are grown in physical perfections. If the doctor would come hither and could get a glimpse at the graceful curves, the tiny ankles and the swelling calves that adorn the average form divine, and then take a look at his own and other male extremities, he would acknowledge his ignorance and take it all back.

Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and \$1 bottles at G. L. Penny's, Stanford, and Lyne Bros., Crab Orchard. Trial bottle free.

ELECTRICIAN 5007.

Race Record 2:24 1-4.
Sire of Mid 2:11, Electromet 2:21 1-4, Gretchen 2:24 1-4, H. 2:11 1-4, Leta 2:21, own brother to Grateful 2:27, 3:18 1-4.
Electrician is a brown stallion, 15 3/4 hands high, standard registered. Sired by Electromet 2:21 1-4, dam of 1915, he by Hambleton 10, sire of 40, dams of 123, he by Abdallah 1, sire of 3, dams of 7, Kent mare by Imp. Belfounder. Electrician's 1st dam Rebecca, dam of Bernal 2:27, Redford 2:24, Atlanta 2:26, Russelet 2:30, etc. Rebecca by Gen. Benton 1755, sire of 21, dams of 68, he by Jim Scott 3:10, sire of 2, Lady Benton by Gray's Hambleton 10, sire of 20, and dam Charbel, dam of Clifton Bell 2:24 1-4, Della 2:30 and Chimes Bell sire of Van Zant 2:09 1-4, she by Abdallah Star. Third dam Emma Mills, dam of 3 sires, etc., by American Star 14.
Electrician is a royal-bred horse, fine style and action with great beauty. He is a horse that possesses great speed and gameness, although his record, 2:00 1-4, is not his best. He repeatedly showed miles in 2:15. A number of his get has been sold for roadsters, bringing from \$500 to \$1,000. As most of his colts are beatified with time, style and size I can recommend him as a great stock horse.

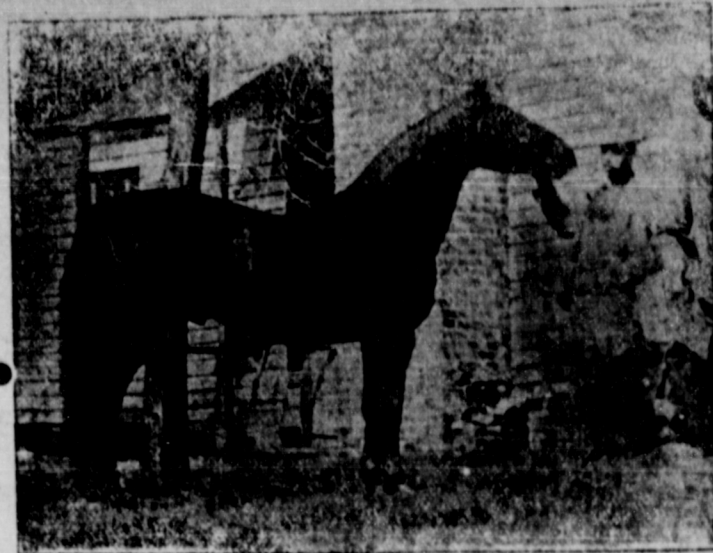

Will make the season on same conditions and at same place as Clay King, at the fee of \$15.

CLAY KING 2964.

Record 2:27 3/4.
Sire of Dick Wilson 2:08, The King 2:10 1-2, Majestic C 2:17 3/4, Tom Phair 2:17 3/4, Nellie Bruce 2:18 1-4, Clay Wilkes 2:11 1-4, Dobby M 2:21 1-4, The Guard 2:25 1-4, The Raven 2:26, Justin M 2:26 1-4, Dorado 2:27 1-4 and eight others with records of better than 3:00, all trotters but Dick Wilson, pacer.
By King Clay 294. Sire of Miss Lida 2:24 1-4, Marble 2:24, Claymore 2:27 3/4, Eola 2:29 1-4, Kingbird 2:30, Doc 2:31 1-4, Edgar 2:32 1-4, Queen Clay 2:30 1-2, etc. 1st dam Amy 2:30 1-4 by Volunteer 3:55, dam of Clay King 297 3/4 and grand-dam of Volio. Mat 2:13 1-4. Sire of St. Julian 2:11 1-4, St. Patrick 2:14 1-2, 35 others sons have sired 123 and daughters have produced Dick 2:27 1-2, Strongwood 2:23 1-4, Homestead 2:24 1-4, etc. 2d dam Belle Brandon by Hambleton 10, dam of Amy 2:30 1-4, Gov. Sprague 2:32 1-2, sire of 38, Wilmar 2:29 1-4, sire of 2 and Wildair, sire of 2. Sire of George Wilkes, Electioneer, Happy Medium, Harold, etc. 3rd dam Jenny by Young Bacchus. King Clay 294—sire of Clay King 295 a son of Harry Clay, 45, dam Modesty 2:26 1-2, by Tom Wedder 1:47, 2d dam Wells Star, dam of Artillery 2:21 1-2, by American Star 14, 3 dam by Emmen's Du-ro.

Clay King, with any kind of stud opportunities, would today be in the first flight of successful sires of extreme speed. His stud career is practically just begun, and there is not a horseman in the Blue Grass State who does not regard him as a wonderful sire of early and extreme speed. Every man and a horse on track has seen his get accomplish what has never been done by the produce of any other horse; they have seen his yearling step quarters in 15 1/4 seconds and see their starting prices; they have seen his older representatives show as much speed, gameness and genuine race horse qualities as those of any sire ever quartered in Kentucky.

Clay King will make the season of 1905 at the low price of \$12 to insure a living colt. A lien retained upon the foal to secure the payment of the season. All care will be taken to prevent accidents to stock entrusted to our care, but should any occur we will not be responsible for the same. W. B. BURTON, Lancaster, Ky.

Galton 12910.

Sired by Gambetta Wilkes, 2:10 1/4, 1st dam, Daisy Field, (grand-dam of Alice Wilkes, 2:17, Airtette, 2:15 1/4), by Enfield, sire of six in 2:30 and dams of 60 in 2:30 or better; 2nd dam Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17 1/4, Lemonade 2:27 1/4, and the dams of 15 in the list; 3rd dam by Old Joe, sire of the dam of J. Q. 2:17 1/4. Galton carries the blood of four leading families—Wilkes, Hambletonian, Mambrino Chief, and Seely's American Star. Galton is a dark bay, 13 1/2, breeds large with fine style and action and a sire of speed. Only three of Galton's colts have been handled for speed, having all worked miles out in 2:25 and better. This is evidence that he will get plenty of speed from the right class of mares and a horse that can't get speed, can't get action or good road horses. I have recently sold four of his colts, three to five-years-old, at an average of \$300. Sold another four-year-old for \$400; she got crippled before shipping, therefore lost the sale. Have one that I can sell at any time for \$500. Mr. Middleton and myself have one at Danville we have refused \$350 for. He will be handled this season for speed. O. C. Carpenter has a young gelding by Galton and has refused \$500 for him. He holds him at \$1,000. This is just a few instances of recent sales. Galton has made all of his seasons at my stable, 11 in all, and served the last three seasons an average of 75 mares the season. This is another of the best recommendations a stallion can have. He was a great show horse in his young days, having defeated some of the best in harness classes, and labored under a great disadvantage, owing to a very bad cripple in one shoulder at a two-year-old, with the cripple he can work a mile in 2:25, with but little handling. His colts have gone against and defeated the best, one of his colts having won a \$75 premium at the Hustonville Fair over the best. This is a few instances of what he has already done, not what he is going to do, for I think his future will be much better, as the class of mares he is getting of late are much better than his first seasons.

Galton's sire, Gambetta Wilkes, has produced one of the greatest families. He has 13 in the 2:10 list. This is more than any other horse has in 2:10. He has 161 in 2:30 and better. This is more than any other horse of his age has in the 2:30 list. Gambetta's sons and daughters have over 400 in the 2:30 list. This is proof that Galton has a right for what I claim for him. Galton will stand at \$10 to insure a live colt; mares traded off after breeding forfeits insurance. Grass after the 25th of April at \$2 per month. Will stand at my place two miles West of Hustonville on Bradfordville pike, home in residence. W. M. DODD, Hustonville, Ky.
